Runner is sweet, affectionate, fun loving & housebroken. He likes to play, have his tummy rubbed, take long walks, play with toys and most importantly, be included with the family. He does not like people in uniform, is good with children and can be protective of family members, but he is loving with people and good with dogs. He has even been amazing with the foster families older dog. He also likes to snuggle and put his head on your lap. Runner does quite well when left home alone during the day. He is intelligent, listens to commands, learns quickly, and responds well to positive voice affirmation.

Runner is a neutered male, black tri aussie, and would be a wonderful addition for any family who includes him in family activities, whether inside the house or outside. Runner would also do well with a family who walks him 1-2 times a day and interacts with him on a daily basis. Runner would bring joy to any home.

To meet Runner and find out how to adopt him, call 818-636-8600.
